International Conference on

RECENT ADVANCES IN INFORMATICS, COMMUNICATION, MANAGEMENT, HEALTH & APPLIED SCIENCES

2nd - 4th
Feb'2019

Organised by

BRAINWARE UNIVERSITY
BARASAT, KOLKATA

In partnership with

Lincoln University
College, Malaysia

Technically Sponsored
by CSI, Kolkata Chapter

About the Conference

In today's world, there is a constant focus on product innovation which needs rigorous research and technological development. It is also essential to disseminate new technical ideas and features that can be incorporated in day-to-day life for the benefit of the society. Scientific meetings can bring together researchers, academicians and students on a common platform for exchange of such ideas and related findings. To achieve this goal, BRAINWARE UNIVERSITY, KOLKATA is

organizing an International Conference which will foster learning in a multi-disciplinary environment, particularly, in the areas of Informatics, Communication, Management, Health as well as Applied Sciences. It is imperative that quality work can evolve through collaboration with expert knowledge in different domains.

Brainware University

The University, established under the West Bengal Govt. Act XXXI of 2015, at Kazipara, Barasat, Kolkata strives to reach out and add worth to people's lives, impart quality education for creating efficient manpower for the future, and promote a superior category of students and researchers who would apply knowledge for the advancement of society and meet the challenges of a rapidly changing world. It aims to spread and enhance education, collaborate with national and international institutions, promote interdisciplinary research work, upgrade educational standards and empower the youth with a holistic development.

Call for Papers

Prospective authors are requested to contribute to the Conference by submitting articles illustrating research results, survey works and industrial findings that describe significant advances in the fields of **Informatics, Communication, Management, Pharmacy, Physics, Chemistry, Mathematics and Bio-Technology**.

Thrust Areas for submission include, but are not limited to:

Informatics

Advanced and Next-generation Networking Technologies
Big Data Infrastructure
Network Security/Cyber Security
Computer Organization and Architecture
Data Mining/Warehousing
Data Structures and Algorithm
DBMS
Signal & Image Processing
Software Engineering
Cloud Computing
Soft Computing
Machine Learning

Communication
